RENYI

ENERGY-SAVING SERIES

Solar Motion-Sensor Wall Light

Sunlight by day. Light on demand by night.
Available in three sizes.

ILLUMINATING SMART LIVING TOGETHER

HIGHLIGHTS

Designed to work on its own

Solar powered

Built-in solar panel charges the battery in daylight; no wiring to a power supply.

Motion sensing

Detects movement up to 8 m away across a 120° field.

Light on demand

Lights up when someone approaches and dims about 40 s after they leave.

Soft diffused light

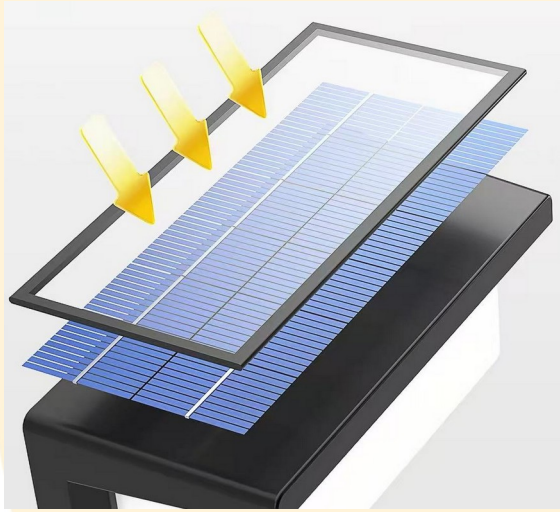

Milky PC shade spreads the light evenly with a gentle warm glow.

Three sizes

Small, Large and Extra large, to suit different walls and spaces.

Easy mounting

Fix with screws or adhesive; no cabling required.

Solar panel on top charges the built-in battery.

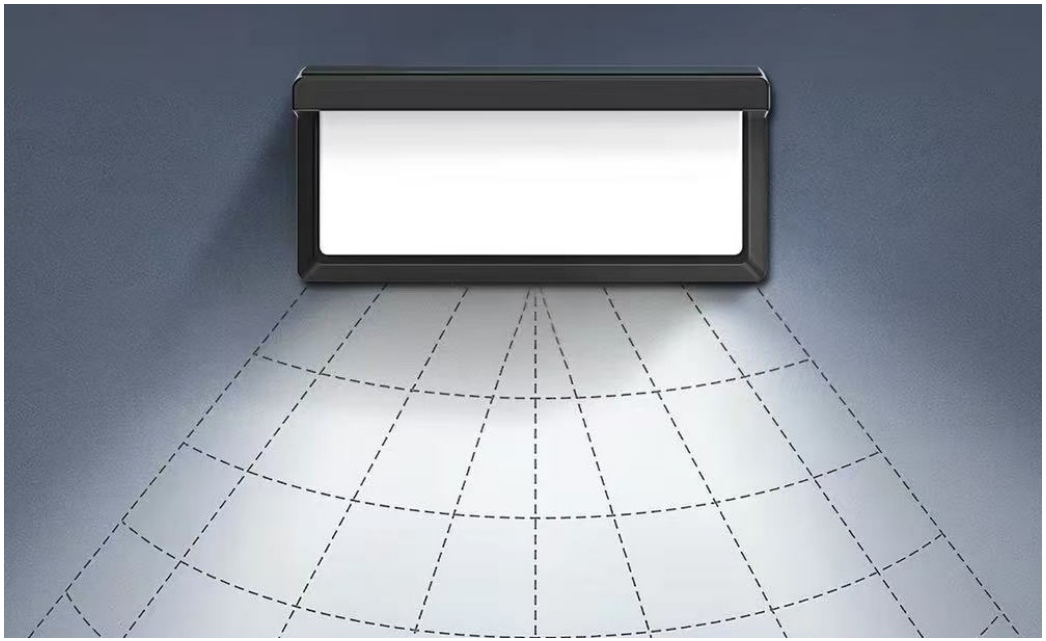

Sensing a person walking past.

THE LIGHT

Soft, even, wide-angle glow

A milky PC diffuser sits in front of the LED board, turning individual points of light into one smooth, warm surface of light. The light spreads outward and downward across the wall and ground in front of the fixture.

Light spread pattern.

Diffused shade, close-up

LED board behind the shade

SPECIFICATIONS

Three sizes, one design

Size	Small	Large	Extra large
Dimensions (L×W×H)	24×12×11 cm	28×13×13 cm	31×14×14 cm
Solar panel	3 W / 6 V	4 W / 6 V	6 W / 6 V
Panel type	Polysilicon	Polysilicon	Polysilicon
Battery	2200 mAh / 3.7 V	4400 mAh / 3.7 V	6600 mAh / 3.7 V
Sensing	8 m, 120°	8 m, 120°	8 m, 120°

Dimensions measured as length × width × height. Specifications may be refined without notice.

Installed along a walkway.

Designed for outdoor wall mounting.

APPLICATIONS

Where it fits

Courtyards and patios

Front doors and entrances

Walls and driveways

Installation

1. Choose a wall spot that gets direct sunlight during the day.
2. Fix with screws, or use the adhesive option.
3. If using adhesive, allow 48 hours to cure before use.
